## Junior Redmen Win S.P.A. Opener

### 1940 CLUB IS SMART AGGREGATION

Newmarket Redmen of 1940-41 bid well to go places this season if their performance on Monday evening in the S.P.A. series, is any indication.

Taking on the Thorold team of hefties, the local kids won in a walk six to two. With only one midnight practice under their belts, Charlie Rowntree's charges showed real stamina by setting a withering pace the opening period, and keeping it up throughout the entire sixty minutes.

Tommy Myers of Pickering College, a newcomer to the Redmen's ranks, played a great game on the rear guard, as did Gunn. These two boys will make it uncomfortable for opposing forwards throughout the season.

Another find is Dixon, the Kingston lad performing on right wing. He is a mighty sweet hockey player, and will be a real asset to the club. Myles McInnis and Howard Hamilton were two others of the local squad who were flying throughout the contest.

Yes, it looks as if Newmarket is going to have a club that will go places.

## Plan Big Night To Aid Soldiers

### COMMITTEE BUY EQUIPMENT FOR CAMP

On Wednesday evening of next week, November 27, the Citizens' Committee for Military District 23 are sponsoring a euchre and dance at the town hall, commencing at 8.30. Art West's orchestra will provide the music for round and square dancing.

Euchre will be played in the market building.

The proceeds from the evening's fun is to provide comforts for the boys at the local camp after they have completed a hard day's training.

The committee has been active since the organization meeting some few weeks back, and the ladies have added a real home touch to the canteen by making curtains and drapes.

Several second-hand chest-of-drawers, a number of tables and desks were purchased, and placed in the canteen and sergeants' mess a few days before the close of the first camp.

There is still a payment to be made immediately on this furniture, that is why your support is solicited on Wednesday next.

We would also like to acknowledge a donation of a chest-of-drawers from the women of Woodbridge.

A goodly number of the trainees and officers will be out to this euchre and dance. Come out and make them feel that Newmarket is indeed a friendly town.

## Mayor Boyd Names Successor

### REVIEWS WORK OF PAST YEAR

Democracy, although a good form of government has many weaknesses. The average citizen wants everything including a low tax rate. Unless we are willing to deny ourselves and do without many things it would be nice to have but which are not absolutely necessary, a low tax rate is impossible.

I still think we could get along with an election every second year, while we have a war on our hands. Of course the papers would lose the printing. That would be a contribution they could make towards winning the war.

If all the smaller municipalities in Ontario were to forego an election for one year only, the saving of the people's time and money from several hundred municipalities would be a considerable amount.

We are right now fighting for our lives. We should save every hour of time and every dollar possible and get on with the war.

I am at present enjoying good health, although often weary from lack of rest and leisure. Next month I will have completed seven years of service as mayor. The work gets heavier every year. I feel that the work, as well as the honor which goes with the position of mayor, should be passed around.

The business of the town is now in good shape and running smoothly.

By reason of the fact that I suggested we try to secure a military camp for Newmarket, and then with the help of a very smart and efficient council, was able to secure the camp, has made a big difference to the town financially.

Many of the citizens have been able to pay their taxes and lay in some coal for the winter with the money they made working at the camp.

The revenue we will receive from the sale of water and light to the camp will pay for the outlay we had to make, viz:

(1) Laying a six inch main from the Srigley St. well to the edge of the camp property.

(2) Installing heavy wire to carry electricity from the power house to the edge of the camp property.

(3) Laying a trunk sewer from the edge of the camp property to the nearest main.

(4) Improving the road to and from the camp.

It is estimated by the Department of Militia and Defense that soldiers spent over 50 per cent of their pay in the vicinity where the camp is situated. When the camp is running full, there are over 1200 men, so calculating at the lowest wage received, i.e., \$1.30 per day, you have 1200 men spending 65c—\$780 per day, which would equal the pay roll of

## Election Rumors Nil As Nomination Nears

### AT LEAST TWO VACANCIES TO BE FILLED

All is serenely quiet on the municipal front as nomination meeting looms for to-morrow night. However, with at least two vacancies to fill—the mayor's and Ald. Mungovan's—some action should result at the annual meeting.

In the mayor's annual letter to the electors he suggests that the mantle of the town's first citizen should fall on Deputy-Reeve Joseph Vale, but we are doubtful if the deputy has aspirations along this line.

J. E. Nesbitt, former mayor, and J. O. Little, both long in municipal life, have also been mentioned for this position. We have heard of no outright contenders for the reeveship, but the names of Dr. Dales, many times reeve, and deputy Vale, have been mentioned on the street.

Besides the present council names in the air as possible worth-while people to nominate are, Bert Morrison, K. M. R. Stiver, Arnold Molyneux, Fred Smith, Harvey McCordick, Tom Doyle, Wilmot Lundy and Wm. Robinson. Several of these men have previous municipal experience.

To-morrow night should see the town hall packed to capacity. You may miss a big evening if you stay at home.

### CANADA MARCHES ON

Dr. and Mrs. Williams of Toronto gave a decidedly unique illustrated technicolor lecture in St. Paul's Parish Hall Tuesday evening of this week. It was one of a series of six called "Canada Marches On," this one being "On the Rim of the Arctic."

The Dr. takes all his photos himself, and he and Mrs. Williams have made it their joint hobby. Mrs. Williams accompanying her husband on his trips to far distant places, and helping him materially in producing them on the silver screen.

The Dr. takes his pictures with the new process, so all the colors are true to nature, and his choice of subjects leaves nothing to be desired.

The evening was outstanding both as regards the pictures and the commentary given by the Dr., and St. Paul's, Newmarket, was very pleased and proud to be the first organization to have him, except his visit to Pickering College. All who saw the pictures were delighted.

## Junior Choir Win Awards At Hamilton

### a good sized factory.

The good results are showing already in that almost all available houses in town are rented.

I gave the citizens of Newmarket real good advice during the past two years when I urged them to secure a house for themselves, either to get an old one and fix it up, or build a new one on lots which could be secured for almost nothing.

I am mayor until the end of the year, so it is still my privilege to give leadership and advice. If you want a good mayor to follow in my place, elect Joseph Vale. This is a young man's age. Joe has all the qualities necessary. He is well educated. He has had experience in both town and county council. He has been with me for the past years and could carry on the work without a hitch. He has the same ideas of efficiency with economy which I have practised during my term of office.

Again I wish to thank my friends and supporters, especially those who always gave me the smile and the word of encouragement. To the members of the council for their co-operation which facilitated the speedy transaction of business I am grateful. Mr. Mathews was always ready to drop his own business and assist me with town business whenever necessary. Altogether I enjoyed my seven year term as mayor of Newmarket, the finest town to live in in Canada.

S. J. BOYD, M.D., Mayor.

### SECOND CONSECUTIVE WIN FOR TRINITY CHURCH YOUNGSTERS

Illyd Harris' junior choir of Trinity United Church for the second year in succession carried off the high award in their class at the eighteenth annual Hamilton Elsteddoff in Hamilton, winning the Marsh Challenge Cup and ten dollars class.

The Newmarket youngsters secured eighty-eight marks, nine marks more than the second award. They competed against choirs from Stratford, Niagara Falls, Brantford and Hamilton.

Dr. Whitehead, Montreal Cathedral organist and choir-master, the adjudicator, was loud in his praise of Trinity choir.

The following were some of the comments from the adjudicator's report:

Tone-smooth, beautiful and even, dignified; diction excellent; rhythm and phrasing most skillful and finished; interpretation and general effect an admirable performance in every way with many subtleties skillfully executed; superb proportion in dynamics everywhere; the right mood and speed with a lovely ending; intonation pitch immaculate.

Competing in the juvenile class Mr. Harris' charges placed second in seven entries, one mark behind the winner, the Corona Girls' Choir of Stratford.

The choir and their leader are to be congratulated on the honor they are bringing to our town.

## EDITORIAL

### TO-MORROW NIGHT

To-morrow evening—nomination. To-morrow evening it will be the privilege of the electors to nominate candidates for the various municipal offices who will serve us for the next year, or possibly for a longer period. It therefore behooves us to be a trifle cautious in our selection, and see that an earnest effort is made to bring out the strongest possible candidates.

For some years past there has been a woeful evidence of indifference on the part of the majority of the ratepayers in the selection of candidates for municipal office, and nomination meetings have been the tamest of affairs. In fact on some occasions there has only been a handful of people in the hall when the Council have assembled to give an account of their stewardship during the year drawing to a close. This state of affairs is most disheartening to the men who have served by giving many hours of their time in managing the affairs of the corporation.

Perhaps it may be said to our credit that we have an electorate who are not strong on fault finding. Of course there are many who grumble and grouse over certain things done by our elected bodies, but it is a long time since any determined effort has been made to "clean house," so we may safely take it that any mistakes that have been made have been of the minor variety. But there is a danger of becoming lulled into indifference and this stage has apparently been very closely approached if one is to judge from the small attendance at a nomination meeting, and this is still further emphasized by the difficulty year after year in getting a sufficient number of our citizens to qualify for municipal office. Fortunately there is one thing that can be said—we have always been able to fill all the vacancies on the various boards without the necessity of a second nomination. We have come perilously close to it at times, but some high pressure pleading has been necessary at times just before the qualifying hour.

The men chosen for office this year will be called upon to serve for a term. Every ratepayer should therefore interest himself sufficiently to see that the town hall is filled to capacity on Friday night and the most able men procurable should be urged to offer their services in assisting in administering the town's affairs during these trying years of the war. We already have the nucleus insofar as Council is concerned, as at least four of the present Council have intimated their willingness to serve if the ratepayers see fit to return them to office.

During the depression years efforts were made on a number of occasions to fill the various offices without the expense of an election, and this, perhaps, while expedient from a monetary standpoint, may not always have been wise. There is nothing that stirs up the interest of the municipal voter like an election, and incidentally there is nothing that heartens an elected candidate more than the fact that he holds his seat because the majority of the ratepayers voted for him. The money saved by an acclamation is trivial when the elected representative has the feeling that his fellow men placed him there because they voted for him on election day. He feels his responsibility much more keenly and also appreciates that there is a large group of his fellow townsmen who have placed their confidence in him and are prepared to back him in his effort to serve his municipality.

Whether it will be necessary to have an election or not to fill the various offices is beside the point. As citizens it is our duty to see that the strongest and safest men possible are placed in nomination. It is also our duty to attend the nomination meeting on Friday night of this week and thus give evidence that we, as citizens, are interested in the affairs of our town.

### AN EDITOR DOES NOTHING

Every Thursday someone cracks down with the suggestion, "Now that the paper is out you'll have nothing to do until next Thursday." This kind of talk gives us a pain. How delightful it is that a country editor has practically nothing to do between press days. Business, in a printing office, runs along automatically. When the paper bill comes due, money falls off the trees with which to pay it.

Subscribers vie with each other to see who can pay the farthest in advance. Advertisers beg for additional space, and the way the news hunts up the editor is also pleasing to contemplate. When the paper is out, the editor simply goes to his desk, leans back in his easy chair and waits until next week's press day. The day before, people line up at the office door and file past the desk and tell him all the news of the week which he writes up in 15 minutes, takes it back and hangs it on the hook. The compositor takes the copy, shakes it in front of the Linotype machine with a few mystic words, and it does the rest. The editor goes down town to deposit some money. Running a newspaper is the greatest snap in the catalog. Now, if the editor could only do away with press day, the joy would be complete.—Blakesburg, Ia., Excelsior.

spirit of his signal flames as brightly in the hearts of free Britons now as on that morning off the Spanish Cape, editorially comments the Christian Science Monitor.

Too often we talk of sea power in terms of ships and guns, not thinking for the moment how much men count in the total equation, men whose devotion to God and home gives them the will and strength to do their duty by king and country. Only this understanding of their high heritage as free men can sustain those whose duty calls them straight into the blazing muzzles of an enemy.

It is because of the moral lift imparted by their constancy and valor quite as much as the tactical success of their deed that the hearts of the British people, and Americans, too, go out in gratitude to the men of the Jervis Bay, the un-armored merchant cruiser which held off a German raider until most of the ships of its convoy could escape.

### SYSTEMATIC WAR SAVINGS

A determined effort is being made by the War Savings Committee to stimulate the sale of War Savings Stamps. The aid of the school children is being utilized and in many centres the campaign is meeting with splendid results. The plan has been discussed by the staffs of the local schools and sale of stamps may be undertaken by the pupils. Below is a list of what systematic war savings will do:

- \$5 may bring down a German plane for it will buy one round of 40 mm. anti-aircraft shells.
- \$5 will stop a Hun with five machine gun bursts.
- \$5 will let a soldier fight for you with 100 rounds of rifle ammunition.
- \$10 will stop a tank with one round of 18 or 25 pounder shells.
- \$20 buys a cannonade of four 3.7 inch anti-aircraft shells.
- \$20 buys two complete rounds of 4.5 inch Howitzer shells.
- \$50 buys enough fuses to explode 20 shells or three complete rounds of 6 inch Howitzer shells.
- \$75 will provide a depth charge to drop on a German U-Boat.
- \$73 will provide a 500 lb. bomb to drop over Berlin or Berchtesgaden.
- \$100 buys three 9.2 inch Howitzer shells or 2,000 rounds of Service Arms ammunition.

### NOTE AND COMMENT

The local Red Cross is appealing for a small sum to make up the \$4,000 objective set for our town. Can you help?

Show that you are interested in the welfare of your home town by being present at nomination meeting to-morrow evening.

You can show your appreciation of those magnificent people in the Old Land, who have been bombed out of house and home by making a contribution to the fund being set up by the Sons of England.

### INTERESTING SERVICE PLANNED FOR HOUSE OF REFUGE

On Sunday afternoon, Nov. 24, the Gideons of Toronto will conduct a service of dedication for Bibles placed by them in the House of Refuge. The service will commence at 3 p.m.

The Gideon organization is comprised of Christian laymen who give of their time and money for the placing of Bibles in hotels, hospitals, jails and schools, and undoubtedly most of us are already familiar with the sight of a Gideon Bible on the dresser of a hotel room, or by the hospital bed. Let us hope we are not so familiar with the sight of one in a jail cell!

While the Gideons are in the district, they will be represented in some of the churches of Newmarket and Aurora. Dr. J. B. Greer, a dental surgeon, and a fine Christian gentleman, will be the speaker at the Christian Church on Sunday evening.

### MUSICAL FESTIVAL EXECUTIVE DISCUSS CARRYING ON

A meeting of the executive of the York County Musical Committee was held at Aurora on Tuesday evening of last week. The possibility of carrying on the festival was discussed, and the prospects do not seem to be very bright.

Dr. C. R. Boulding, president, will not be able to carry on on account of his military duties.

The energetic secretary of the society, Miss Bertha Andrews, has accepted a position as teacher in Honeywood. Rev. G. O. Leitch, and Mrs. Boyd of Aurora, and Mr. and Mrs. Bailey of Newmarket, have moved away from the district.

The removal of these members of the executive is a heavy blow to the society and it will be hard to replace them.

Another meeting of the executive will be held in a couple of weeks when some decision will be made. It is to be hoped that some arrangements can be made to carry on as the festival was a great benefit to the community.

### THREE NEW RESTAURANTS FOR TOWN

Trainees coming to our town for their month's military training will be well fed if the Main Street has any say about it.

Since the first camp closed, three new restaurants have, or are, opening up—a Chinese restaurant in the store vacated by Tony Wolfe; Fred Bowser's lunch counter at the west corner of Main and Eagle, and a sandwich bar and light lunch at the top of the town, next to Dr. Dales.

### DUNKIRK EVACUEE TO AD- DRESS JUNIOR FARMERS

One of the most popular beneficiaries of the year with York County Junior Farmers has been the one held in connection with the Home Ploving Competition when the results are announced and prizes awarded. In the twenty odd years of this banquet's history, it is doubtful if a speaker has discussed a subject of greater interest to young and old than at the 1940 function to be held in the Vellore Hall on Tuesday of next week, November 26.

We understand from Agricultural Representative W. M. Cockburn, that he has secured a speaker, Sgt. P. F. Nagel of the staff of the Newmarket Training Centre who will give some of his own experiences in the retreat in France and the evacuation of Dunkirk. Sgt. Nagel, before his discharge from the Imperial Army following Dunkirk, had served fourteen years with the Royal Welsh Fusiliers. Two days after arrival in Canada, he donated the Canadian Uniform.

The banquet is being provided by the Vellore Junior Institute and will be served at 7 o'clock standard time.

### NEWMARKET CALF CLUB

During the past season, a Boys' Calf Club was organized in and about this vicinity known as the Newmarket Calf Club. This club work was carried through to a finish and has been a splendid training for the young members who will soon be the leaders in the agricultural industry.

Concisely, each member must learn the feed, care and management of his animal and how to show and judge dairy cattle. This is all culminated in an Achievement Day when all entries are judged on condition of the animal and on showmanship. Following that, there is an examination covering all the information supplied in the members' handbook.

This year the Achievement Day was held at Sharon with E. A. Innes, Agricultural Representative for Ontario County, as judge. Prizes were awarded by the Kiwanis Club of Toronto, York County Junior Farmers and the Provincial and Dominion Departments of Agriculture. A total of sixteen boys completed this work. The two high men at the Achievement Day were Ivan Fairbairn of Sharon, and Jas. Harrison of Mount Albert, and each won a \$10 scholarship donated by the Kiwanis Club to the Short Courses in Agriculture held at the O.A.C. in early January.

A team composed of the two high men in the judging competition and in the examination represented this Club at the Boys' and Girls' contests at the O.A.C., Guelph, on Oct. 25. These boys were Robt. Pollock of Keswick and Ivan Fairbairn of Sharon and they stood 15th from among a total of 35 teams.

### COUNTY TO HONOR CHAMPION

On the morning of Oct. 29, we in York County were thrilled to hear the announcement in the news that Fred Timbers of Stouffville had won the championship at the First National Ploving Match at Davenport, Iowa, U.S.A. Fred, accompanied by Alex Black of Guelph and Geo. Hostrawser of Malton, had won the responsible task of representing Ontario plovers to compete against champions and runners-up from seven different states.

To show their appreciation of Fred's good work and the honour he has brought to the County, the Agricultural Committee of York County Council in co-operation with the three branch plovers' associations, has completed plans for a complimentary banquet in honour of the champion ploverman of America. The banquet will be held in the King Edward Hotel ballroom at 7.30 P.M. on Thursday, December 5, and the guest speaker will be Mr. J. A. Carroll, Sec. Manager of the Ontario Plovermen's Association and our famous International Ploving Match. Mr. Carroll and his treasurer, Clark Young, accompanied the plovers to Iowa and will have an interesting story of their experiences there.

The committee under the chairmanship of Jas. Rennie, vice of Markham, is putting tickets in the hands of a number of directors of the plovers' associations and the Agricultural Representative. An interesting evening's programme will include a number of outstanding entertainers. The banquet is open to all those who wish to honour Fred, whether in York County or not, and of course the ladies are completely invited.

## Christmas Is Coming!

By Golden Glow.  
When Santa Claus comes to Toyland in the city we know that he had better seriously take note of the fact that Christmas is coming! Young and old (and not Toronto citizens only, either) all take a day off when possible to watch the Santa Claus parade every year. It sure is a gala day, and one watched for ever more and more eagerly by the children. And no wonder, for it partakes of the nature of a circus, a sort of make-believe circus, we must admit, though hardly that either, but children, and grown-ups as well, do love the cheerful music and the antics of the clowns! We all love to laugh—and just now we need to laugh once in a while to relieve the tension that war has thrust upon us all.

We hear that over in England they intend to keep Christmas in the good old English fashion in so far as they can. That, again, is a sign and token of the wonderful bravery of our ancestral people across the sea. We, here in Canada, worry over them more than they worry themselves, so we are told. But how can we help it when we hear of the terrific daily and nightly bombings they are enduring. We should be cheered, no doubt, by the reports of the Greek successes, but our thoughts centre round beloved England, even if we are Canadians, born in Canada.

This started off to be an article in the approach of the glad season of Christmas, and look where I found myself! So let's make a fresh start! For out-of-town, away off readers, perhaps I should tell a bit more about the arrival of Santa Claus in Toronto, for it has become quite an annual event, and I have no doubt that it takes nearly all the police the city can spare to handle the huge crowds that turn out to watch it. Every year new favorites greet the watchers, but Santa Claus himself dominates the whole parade! Santa and his eight reindeer are prime favorites, no matter what else there is. How well we know Santa's reindeer—for we all learned that jolly poem when we were quite young, "The Night Before Christmas," and it is what we learn in those tender years that we remember best as we grow older. I wonder, can I name them still? "Now Dasher, now Dancer, now Prancer and Vixen; on Comet, on Cupid, on Dunder and Blitzen!" All present with jolly St. Nick driving them to the jingle of the sleigh-bells!

I hear there were half a dozen bands at least, and floats and floats, with the most marvellous creations ever imagined! The Nursery Rhymes come to life—"The Old Woman Who Lived in a Shoe," "Humpty Dumpty," "Old Mother Hubbard," and all the rest. Then little folks from Fairy Land; Snow White and the Seven Dwarfs; a huge Teddy Bear that winked at the children, creating gales of laughter—a new one for this year was old ladies with their knitting, and their needles were six feet or so long, and their yard was cloths dressed to resemble balls of wool. Then girls dancing around, dressed like flowers in a lovely flower-garden. Gulliver on tall stilts came stalking along, making him appear as he looked to the little Lilliputians. Another float was the Magic North Pole, like a huge stick of candy or a big ice cream Eskimo Pie! Then, of course, there were the animals that came out of Noah's Ark, tigers and lions and elephants, monkeys and chimpanzees—a long-legged, long-necked giraffe, and an ostrich with a tiny picnic basket for a driver. It is any wonder Toronto takes a half-holiday when Santa comes to town?

You begin to feel the Christmas spirit working in the preparation of the Christmas boxes for our soldiers, airmen and sailors overseas. And from now on it will be Christmas preparations of one kind or another. Already truck loads of Christmas trees have passed through our town on their way to our neighbors to the south of us. You'll always hear someone say, "Slaughter of the innocents!" But why? We have great quantities up north—and with the reforestation carried on all the time, why should there be a shortage? If all the seeds grow on the sections planted out with little trees they would soon be over-crowded, and thinning out should be necessary, so why deprive the children of their loved Christmas tree?

Already the shop-windows of down-town are blossoming out with delightful, attractive gifts—things we buy only once a year! So don't fly off to the city to do your Christmas shopping (ill you have made a tour of Main Street. You will hear it said, "Oh, you have to buy something if you go into our stores!" Please be fair to Newmarket shop-keepers. I am certain they will not resent it if you do not buy always—they will be only too glad to extend to everyone the privilege of looking round before deciding what gifts they would like to purchase, and will be pleased to exhibit their wares.

I was shopping in Macnab's hardware one day and the clerk, seeing my interest and delight in so many nice things, encouraged me to buy a few things and look

around. Guess what I say that delighted me beyond all else. (Of course it would be feminine). A jolly little electric range, no less! The small boys can have their electric trains, and all that goes with them, but give a little girl an electric range, and I warrant you will delight her beyond measure.

When I was a small girl I had a little cast-iron cook stove, and did I love it! But we used to get good and black off it; so did all our cooking utensils! But just fancy a tiny electric range, complete with plug and cord, and a set of utensils, kettle, frying-pan, saucepans and all. I wonder will women ever outgrow their delight in things pertaining to the home? Let us hope not at any rate, for it is after all woman's sphere!

I want to put in a plea for the birds, now that snow covers the ground. Don't wait till Christmas to make a "Birds' Christmas Tree"—I think I did mention that I am making use of the net bags we buy unions in at the grocer's to make a sort of feeding-bag for the birds. They can peck at lump of fat and suet, through the meshes of the bag, and it won't fall down, as it so often does when we just tie it to the tree, and the neighbor's dog gets an extra handout! And it is such fun to watch the different kinds of birds that come to accept your hospitality, and have a free meal. But be sure and tie the net bag high enough to be safe from the dogs. Not long ago I tied one to the rose trellis beside the verandah, and a tremendous big dog climbed up somehow onto the railing and stole the whole thing, bag and all!

our dear father, Ernest Baillie,  
who passed away November 23,  
1935.

Five years have passed, dear  
father,

Since you were called away;

How well do I remember  
That sad and weary day.

You suffered much, you murmured  
not,

We watched you day by day;

We cried and prayed that your  
dear life

Would not be taken away.

—Ever remembered by child-  
ren Marjorie, Ted and Frank.

## IN MEMORIAM

TERRY—In loving memory of  
a dear husband and father, Ben-  
jamin Burton Terry, who passed  
away November 25, 1938.

Time speeds on, two years have  
passed,  
Since death its gloom, its shadow,  
cast

Within our home, where all  
seemed bright,  
And took from us a shining light.  
We miss that light, and ever will,  
His vacant place there is none  
can fill.

Down here we mourn, but not in

## EAST GWILLIMBURY RED CROSS HOLD SCRAP METAL DRIVE

An effort is being made in the township to collect scrap metal for the Red Cross. It is hoped the people will get wholeheartedly behind this project and bring any iron or saleable metal they have to the suggested centres. Full instructions for this will be found in your local items. A small effort on the part of each individual might result in a considerable amount of money for our Red Cross branch.

The ladies of the E. G. branch packed and shipped eighteen Xmas boxes of comforts for our township boys in Iceland and overseas. A dollar's worth of cigarettes was also sent to the smokers. The money for this project was raised by a dance put on by the management of Mount Albert Hall, and a euchre sponsored by the Sharon Auxiliary. Also special donations. We are grateful to Holland Landing for cigarettes, Sharon Women's Hobby Club, tea bags; Sharon Women's Institute, Christmas cake; Mount Albert ladies, homemade cookies; Queensville ladies, homemade candy.

Remember the Red Cross euchre to be held at Queensville November 29.

The ladies of the branch met at the hall on Thursday morning and afternoon and cut out skirts and coats for refugees. The sewing done by the branch is excellent. A steady supply of refugee sewing is being sent in. A splendid contribution is being made to this work by the workers at Harman as well as all our auxiliaries.

### WHITCHURCH COUNCIL

#### UNANIMOUS IN SUBMITTING TWO-YEAR TERM VOTE

In line with action taken by the great majority of municipalities over the province, the Township of Whitechurch, without a dissenting voice last Saturday, Nov. 9th, decided to submit to the ratepayers a vote on the two-year term for councillors. The clerk had a by-law prepared in anticipation of such action. Reeve Toole said he noted that one municipality in the county had passed the by-law reserving the right to cancel it, should there be no election for councillors, "but," said he, "I deem it unwise to insert any such provision, where upon Clerk Crawford submitted a letter from the Township solicitor, stating in his opinion there was no provision in the statutes for any such course. I wouldn't be in favor of that anyway. It's a case of either submitting the question or not submitting it," he said. All the members agreed.

Councillor H. Kidd moved that council read the by-law, and Deputy Reeve Cook moved later that council go into "committee of the whole council," when the by-law was given its several readings and sent on to the ratepayers to pass their approval or disapproval at the time of the township nominations on January 6.

Councillor George Leary moved

### ULCERS CAUSING BIG PERCENTAGE OF ARMY CASUALTY

Temporary insanity and stomach ulcers are moving toward first place as the cause of disability in the second great war.

The first large-scale evidence was reported to the National Committee for Mental Hygiene, Inc., by Dr. Clarence M. Hincks, of Toronto, general director of the Canadian committee of the same name.

"Of all Canada's military personnel invalided home, more than 50 per cent. came back with one of these two troubles," he said.

"It is interesting to note," Dr. Hincks declared, "that 30 per cent. of men who have been in-

valided from Britain have been afflicted with these (mental and nervous) disabilities, and an additional 26.5 per cent. had duodenal ulcer—a condition so frequently associated with emotional disturbances and tensions."

This high percentage of mental and stomach disorders is in the face of medical records of general good health among the Canadian armed forces. It is in face of the fact, Dr. Hincks said, that the Canadian people as a whole are remarkably free from feelings of anxiety and defeatism.

Canadian medical authorities are taking special and unusual precautions to keep out of military service the type of sensitive individual who is likely to suffer from temporary insanity.

## 1941 MOTOR VEHICLE PERMITS AND DRIVERS' LICENSES ARE NOW AVAILABLE

### Secure Yours Early and Avoid the Usual Last Minute Rush

There has been no increase in the fees for permits and licenses. The fees charged in Ontario are still lower than in any other province of Canada or in the neighbouring states.

Table of comparison of fees in Ontario and two neighbouring provinces and states for three popular makes of passenger cars:

CAR	ONTARIO	QUEBEC	MANITOBA	NEW YORK	MICHIGAN
No. 1—4 cyl.	\$ 2.00	\$17.80	\$14.00	\$12.00	\$ 8.40
No. 2—6 cyl.	7.00	22.00	16.50	15.00	10.50
No. 3—8 cyl.	10.00	21.30	16.50	14.50	10.15

Ontario's highway system is the largest in the Dominion, and for the very reasonable fees, indicated above, a great highway system comprising over 20,000 miles is maintained and made available to the motorists of Ontario and visitors from other parts of America.

The revenue collected from motorists by way of registration and license fees and the gasoline tax has made possible the construction and maintenance of this great system of highways.

For the convenience of motorists, permits and licenses are issued through the offices of 189 agents located throughout the Province.

## NEWS FROM KING CITY AND DISTRICT

The death of Rev. Alex Crow of Toronto occurred last week at his late home on Glenholm Ave., Toronto, after a few days' illness. Mr. Crow had been in failing health for the past few years. He was a former pastor in the Presbyterian circuit at King until 1925. Surviving are his wife and daughter, Dorothy, of Toronto.

Mr. and Mrs. Cecil Keys of Toronto called on Mr. and Mrs. A. McClure last week.

Miss Una L. Kennedy of Toronto is visiting Mrs. Walter Rollins.

Misses Blanche Wellesley and June Brown visited at Toronto during the weekend.

Mr. Harold Follitt spent a recent weekend at Montreal.

Pte. Kenneth Scott of Niagara spent a weekend at his home here.

Miss Gladys Leonard, who has served for some years with the telephone company at Schomberg exchange, was tendered a large miscellaneous shower last week. Her marriage to Murray Kaake of Nobleton will take place this month. Miss Leonard has made many friends in all parts of the township from her association as operator.

Langdon's bus took the scholars to see Santa Claus on Saturday in Toronto. As usual they were all thrilled.

Sympathy is conveyed to Mrs. B. J. Langdon in the death of her father, Mr. John Lloyd. Shebourne, which occurred the latter part of October. Mr. Lloyd had been in delicate health for a year or more. Mrs. Lloyd and son called on Mrs. Langdon on Saturday last.

Friends of Mrs. Eric Pearce of Claremont, formerly Florence Warkington of King, regret to learn of the sudden death of her husband, Eric Pearce, aged 41 years, whose funeral was held last Thursday from his late farm residence. Surviving are his wife and three young children. Sympathy goes out to Mrs. Pearce in her great bereavement.

Miss Alice Ferguson addressed a junior missionary group at Manor Road United Church last week.

Air craftsman Norman Etheridge, Queen Mary School, Montreal, spent the weekend with his wife and family at Lasky.

Lasky Institute will hold the second serial euchre Nov. 22.

King Women's Institute heard Mrs. Walker, Mrs. Rawlings, Mrs. Patton and Mrs. Walsh in reports on the W.I. convention. The intense activity existing in Institutes, and the scope of their work already increased by war effort, made the convention according to the reports, interesting and vitally important. Mrs. C. Stewart gave a paper on international relations between Canada and United States, as compared with individual relations in Germany. Miss Jarvis gave a few current events, and also a talk on her course in the recent wood-finish project. The meeting was held at the home of Mrs. D. M. Ross. Jellies, jams and pickles were on display. Miss McClure gave a reading on "Peace."

Schomberg W.I. heard Mrs. Marchant in a complete report. An interesting number on this program was the story of a pioneer covered by Mrs. D. B. Davis. The coverlet was made by Mrs. Davis' grandmother, the late Mrs. McCallum of 11th of King, more than 70 years ago. On a cotton warp background is an intricate pattern in colored wools, the thistle, shamrock, rose and maple leaf as part of the design. Of course, the wool was prepared on the McCallum farm and the dyeing done at home. This industrious lady made 15 such works of art. They are still in use and likely to see many years of useful service.

Mrs. A. F. Kay gave a talk on "Thrift." The scholars of Schomberg public school recently made a collection of waste paper: newspapers and magazines. Well unto half a ton was stored in a barn. Having no means of transporting them to headquarters, the W.I. have undertaken to look after the disposal, the funds to be used for Red Cross work. This nets a worthwhile sum and the W.I. are using it for a local and Red Cross scheme.

A euchre is being held at W. Hare's this week. Temperanceville, proceeds to be used for the packing of overseas boxes for local boys.

Lasky Institute report that 27 pairs of children's pyjamas have been made for refugee children.

Mrs. V. C. Wilcox of Aurora addressed Y.P.U. at Temperanceville last Friday on the subject of "We Read Books." Read a good book with a dictionary, note book and pencil at your side, and a magazine with a pair of scissors at hand, was a point in her timely advice.

The 80th anniversary services at the Tenth Line Presbyterian Church were well attended on Sunday. The congregation dates from 1857, a pioneer Scotch settlement worshipping in "Wilkie's barn."

Miss Annie Cairns, church secretary, is the daughter of one of the first trustees, John Cairns. Mr. Joseph Ballard and Mr. and Mrs. S. Davis are also old members of the church.

On Sunday, Dec. 1, St. An-

drew's Presbyterian church, Strang, will hold anniversary services. On Thursday, Dec. 4, they will sponsor a play in Lasky Hall, entitled "The Crazy House," by a Markham group. Miss Roberta Gillies is one of the cast. This play was given Fair night at Markham, and has proven quite popular. 8 m. standard.

In the afternoon and evening of Dec. 4, Eversley W.A. will hold a tea and bazaar at Mrs. Gellatly's, King, at 3 p.m. D.S.T. This need not interfere with any plans for attending Strange concert in the evening, as there is ample time for a half hour or more at the bazaar, and later in the evening at Strange. Mrs. Gellatly's at 3 p.m. daylight time, Dec. 4, is the date.

Rev. Mr. Walton will preach on Sunday, Nov. 24, at St. John's Oak Ridges, at 10.45 a.m., D.S.T.; at All Saints, King, 11 a.m. standard. Maple, 7 p.m. standard; S.S. at Oak Ridges, 10 a.m. D.S., and at King 10.10 standard time.

Friday, Dec. 13, Oak Ridges A.Y. will serve a Plunkett dinner. It's like this, "Plunkett Friday the 13th. Good luck or bad! Temperanceville W.A. go "Plunkett on Dec. 16, this time on a Monday.

Lasky S.S. anniversary on Dec. 15, and Christmas entertainment on Dec. 20.

Wings on the imagination will be required for Temperanceville "Imaginary Bazaar" at the regular W.M.S. and W.A. day in November. Label the imaginary contribution and put a price on it, might work very well. It certainly saves time and plenty of effort.

King United bazaar will be held Nov. 28 at the church. A big display and afternoon tea.

A fireside hour has been established at Schomberg United Church Sunday evening, following the service, being the first. The Y.P.U. led in song service and served refreshments.

Eversley Mission Band was entertained by Aurora Band on Friday evening. Ten from Eversley Band enjoyed a good program and social evening.

The 83rd anniversary of All Saints' Anglican celebrated on Nov. 1 and Nov. 3, was carried out in the spirit of thanksgiving and prayer. The presence of Rev. F. E. Powell, M.A., B.D., and the male choir, both of St. Barnabas, Chester was a rare treat on Friday, Nov. 1. The choir, under the leadership of Mr. John Lovick, M.R.S.T., was greatly appreciated by a good audience.

Rev. Mr. Powell delivered a fine message. Assisting ministers were Rev. D. G. Davis, King United Church; Rev. M. E. Burch, Presbyterian, and Rev. John Galloway, and of course the Rector, Rev. E. G. Worrall in charge. The entire atmosphere was complete in friendly warmth.

On Nov. 3 Rev. W. H. Walton on the morning service. In the evening a missionary rally was held in which all three churches of the parish had a part. Dr. Robert Jaques was the organist for the day. Miss Isabel Johnson of Toronto, an accomplished vocalist, added greatly to the spirit of worship at the evening service.

Rev. Mr. Walton spoke in the evening, touching on his experiences as missionary in Northern Canada. This dynamic medical man and preacher laid foundations for happy Christian living during his 35 years' mission there. His ability to understand the nature of the Indian and Eskimo, his earnestness and his vivacious personality, have made possible christianization and good citizenship in our northern territory. Rev. A. H. Cottle spoke directly on the responsibility of the Canadian Church in its mission fields. "I believe in days to come," said the speaker, "that the leaders in the redemption of the world through God, will be on the continent of North America." The new church of Canada and United States is sweeping on in the conquest of the world for Christ. Mr. Cottle struck such a note of hope for the future of Christianity.

Miss Nora Brown, recently returned missionary from Japan, stated that Japan needs prayer now. Japan is worth saving and it is the privilege of Christians here to stand behind the Japanese Christians who look so faithfully to their brother Christians in Canada to support them by prayer, and the Japanese Christians will be put to a good test, and are being left to support their own work mainly.

The congregation was pleased to welcome Dr. Jaques, guest organist.

News and Views of People and Things by Isabel Inglis Colville

### People

We've all heard it said, that nature is like a woman—full of moods and extremely temperamental, and if nature had set out to prove this contention, she could not have done better than in the last two weeks.

We have, I think, tested every kind of window frame; a tiny edging of frost on the pane; a torrential downpour of rain; a bit of snow which lay in the newly-plowed furrows; a wind which shook our house as a cat shakes a mouse; moonlight which made the night as enchanting as the setting for a love scene in the movies.

After all, rain, snow, sun and cloud, it all adds up to just Mother Nature putting on her fall fashion show.

Mr. and Mrs. Clarkson Playter of Burlington were guests of Mr. and Mrs. Earl Toole for a few days last week. Clarkson's many friends will be pleased to know that he is gradually recovering from his prolonged and serious illness.

Mrs. Gordon McClure, Mrs. Tucker and Miss McQueen took tea on Saturday evening with Mrs. M. F. Starr and Mrs. Hawtin. Mrs. Charles Toole visited her daughter, Mrs. Alan Forbes, and Mr. Forbes, in Toronto, last week.

Little Miss Edith Kay and Master Norman Kay spent Tuesday of last week with their grandparents, Mr. and Mrs. Geo. Hunt.

We are sorry to report that Mr. Alvin Ridley met with a nasty accident on Friday on his tractor, when it overturned pinning him beneath it. Fortunately he escaped with no broken bones, but painful bruises will not soon let him forget this accident.

Miss Eria Toole spent a few days last week with her aunt, Mrs. Alan Forbes, and Mr. Forbes. One of the events of her visit was to be the Santa Claus parade, and what spectacle is dearer to youthful hearts and imaginations. I'd like to say, in passing, that the urge to see this parade isn't confined to those of tender years.

Mrs. Tucker and Mrs. McClure attended a quilting at Mrs. Randal Chapman's on Thursday afternoon. These Red Cross quiltings are bearing fruit in the number of fine coverings being provided for those who so sadly need them.

Mr. Leslie and Miss Gladys Harper spent Friday in Toronto. Mrs. Alvin Ridley spent Sunday in Toronto.

Reeve Toole is attending county council these days.

Mr. and Mrs. Roy Howlett visited Miss May Howlett on Sun-

### day afternoon.

The beef ring supper, which took place at Bogartown school last Friday evening was largely attended, and very enjoyable. The supper, as always, was good and the programme which followed was also good.

Mr. Walker, elocutionist of Mt. Albert, the Johnson and Harper orchestras and vocal numbers from the little Logan lads formed the program.

### Things

Signs and Portents  
Do you believe that things you see, tell what the winter's going to be? This year the spruce trees hang with cones; the mountain ash with berries groans; the chestnuts lie thick on the lawn; the crabs still hang the tree, upon. So those in weather, who are wise, "get lots of fuel" to all, advise. I know the squirrels and chipmunks too, are seeing just what they can do, in planting treasures all around in trees, and nooks and underground.

One huge black squirrel flies north and south, with treasures bulging in his mouth. He puts them in a hiding-place, and back for more, he'll quickly race, but strange to say, I think next day, he comes and takes them all away. I see, in suit of black and white, woodpeckers on the trees alright; then for the basket quickly sleer, and into it most quickly peer; and seeing suet ready there sit down to eat the goodly fare.

Our other birds of yesteryear, upon the scene do not appear, until the snow has deepened round and hidden nearly all the ground. The cats have fur so thick, we fear, its warning us the winter near, is going to boast low temperatures—at least, so kilted wool insures.

Some pheasants too, the other day, passed through our land while on their way to where the winter woodlands make a shelter and a fine windbreak. These creatures, whether birds or beast, are always ready for a feast, and instinct seems to tell them where they'll come upon the choicest fare. Now scarce a bird in years gone by, in winter, near our house would fly; but since we've put feed all around, they're sometimes thick upon the ground.

Now, tell me, pray, how did they know, when we began this feed to throw. 'Twas only one, the first few days, and then they came from many ways. Then did the first bird tell the others, who brought along their sisters, brothers? We brought a book—now it's a game, to try and find each new bird's name, and if they early come this year, I fear the winter'll be severe. But weather-wise or otherwise, we'll feel as if

## HOLLAND LANDING

On November 14 the meeting of the Holland Landing United Church Guild opened with the National Anthem. The secretary, then read the minutes. Rev. Bowles took charge of the worship service. On November 28 will be Christian Mission night. Leader, Mrs. John Bates. The meeting closed with games and the benediction.

Those having scrap iron for the Red Cross scrap iron drive are asked to deliver same to S. R. Goodwin's yard, where the township truck will pick it up at the end of the month.

We'd won a prize if when the world is deep with snow, new birds begin to come and go, and leave their tiny tracks to show their kind to those, who birds do know.

I fear from weather signs I've fled but maybe some one will have read whether with cold we'll quake and shake, or maybe nature will give a break, and give us skies serenely blue, no too high winds and just a few light falls of snow so Canada shows she's still "our Lady of the Snow."

## RAVENSHOE CASE TO BE SETTLED NEXT WEEK

(Continued from Page 1, Col. 3)  
"Constable Jardine and I questioned Rae on the 5th of November about being at Vandenberg's home, and he denied it, but later stated he had been there," testified Constable William Hill. "On the 6th of November we questioned Mapes and he denied it at first, but then stated he had been there. Constable Jardine named the other three boys and Mapes said that that was the bunch."

"In company with Constable Jardine on November 4, we went to the summer resort of Mr. Duncan at Roche's Point and questioned Delbert Crowder," testified Constable Carl Morton. "He admitted he had been with a party who went to the home of William Vandenberg on the 21st of January. Some damage was done. He also gave us a written statement."

"From information received on January 22, I went to investigate and found the storm door damaged, the glass on the inside door damaged, and windows broken," stated Constable Jardine. "Cans were thrown inside the house and others outside. A wash tub was propped up to a west window. Mr. Vandenberg complained about his roof being punctured, but I didn't go up there. Later, from information received, I got in touch with Constables Hill and Morton and proceeded to Roche's Point to question Crowder. At first he refused all knowledge of it, and later admitted it and named the other three boys. Then he said he was only there himself. At first Mapes denied it and when we told him we knew who they were, he said 'You've got the right bunch, alright'."

Mr. Raxlen asked that the charge against Ross be dismissed, as the only evidence was that of Ross Parks.

Hugh Ross testified that he had been postmaster and storekeeper at Ravenshoe for the past two years. He knew nothing of this affair. The next morning he phoned the police at the suggestion of Mr. Vandenberg. Crowder had been employed at his store, and Rea took his place.

"Do you remember trying to organize a bunch to go over to Vandenberg's place on Halloween?" asked Crown Attorney Mathews.

"No," replied Ross. "Did you take Crowder over to Lindsay?"

"Yes, he wanted to go himself."

"Why were you anxious to take him away?"

"I didn't want those stories to circulate around that he had been telling."

"What was he to do at Lindsay?"

"Just keep quiet."

"You knew he had told the police about this case?"

"Yes."

"How long was he to stay there?"

"Until this over-exaggerated case was over."

Clifford Rea testified that he was at his home in Leaside on January 21. Later he had come up to work for Ross and took Crowder's place at the store. When asked why he admitted the story, he said he just admitted it because the police said they knew. He had gone over one night by himself and made a

noise yelling in front of Vandenberg's place.

"I was working at Hugh Ross's store and about the 15th of January Clifford Rea came up," stated Delbert Crowder. "This Sunday night Hugh Ross wanted us to go for a walk for exercise. Hugh mentioned going across to Mr. Vandenberg's. I said, 'We shouldn't go there. It's time we were in bed.' He said, 'We won't be gone long.' We went over and one thing led to another. First we threw snowballs. Rea had a stick and somehow he got jabbing at the door and then jabbed the window. Hugh wanted to go over there on account of an old grudge about a relief voucher. It was Hugh Ross' suggestion in the first place. Two weeks ago Clarence Mapes came up to where I was working and complained about me telling the officers. He wanted me to go down to Ross' store and I wouldn't. Then he phoned Ross and he came down to my sister's where I was staying. Clarence wanted me to go outside, but my sister wouldn't let me. Hugh came in and asked me if I had admitted anything, and I said I had, and offered them all to own up to it. He said he was in business and it would hurt that. He wanted me to go to Lindsay. Then the foreman came up and ordered them off the property. I went out to the road with them and got in the car, and Hugh started to drive away. He didn't stop until we got to Brownhill. Then he said the only thing to do was for me to hide out somewhere. He being older, I thought he knew what was best. He took me to Ivan Rod's. Hugh told Mr. Rod to keep me there for a couple of weeks until this was all over. He was going to pay my board, get my clothes, and give me spending money."

"You weren't friendly to Ross because he fired you?" asked Mr. Raxlen.

"Yes," replied Crowder.

"And you weren't friendly to Rea because he took your job?" Clifford Mapes testified that Crowder had come to him and said he told the officers everything, but it was a lie. He wanted to know what to do and wanted someone to take him away until it blew over.

This case was remanded for judgment for one week.

Three other charges in connection with this affair were adjourned until next week.

Samuel Nesbitt of Ballantrae, whose evidence was heard last week, was fined \$10 and \$7 costs or 15 days in jail for destroying his sister's line fence.

William Greig of Pefferlaw, charged with theft by Constable Hill, pleaded guilty but wished to give an explanation.

"On October 24 I received a complaint from Ross Blakeley of Pefferlaw," testified Constable Hill. "From information received I questioned accused. I asked him if he had taken a hen from Blakeley's hen house, and he said he had not. I said, 'You were seen carrying it away' and he said 'That's right, I had two or three drinks and the lady at the house wanted me to get one. If there's any trouble I'll pay for it.' Several people have been losing a few hens at a time."

"I have been working for Mrs. Harris, and she said she had an account with the Blakeleys, and wanted me to get a chicken from them," said accused. "I went over and knocked on the door and couldn't get an answer. Then
